SUMMARY

I am a hardworking and tech enthusiast. I am pursuing my Bachelor's in Technology at GITAM University. My academic journey equipped me with strong skills in Python, Database Management System, Data Structures and Algorithms, as well as proficiency in C/C++, Java, and full-stack web development. With a passion for coding and a knack for problem-solving, I have successfully completed projects ranging from my own portfolio website to a music player and a coffee shop website. I am not only technically skilled but also a good communicator and an effective team player, making me well-prepared to take on challenging tech projects and contribute to collaborative efforts.
